

Do you live with a Medical Implanted Device?

Healthcare Improvement Scotland – Community Engagement would like to talk to people who are living with a **Medical Implanted Device** to capture their views to help Scottish Government shape Policy and improve Patient Safety.

We are particularly interested in speaking to people who received a device within the last **5 years** from the list detailed below and fulfil the following characteristics and backgrounds:

mix of genders, mix of ages, variety of ethnicities - including ethnic minorities, range of religious identities, from LGBT+ community

Heart valves
Pacemakers
Implantable defibrillators
Intravascular stents
Aortic aneurysm stent grafts
Vascular and non-vascular stents

Joint replacements
Lenses (cataract surgery)
Cochlear implants
Implantable stimulators
Breast implants
Gastric balloons

If you would like to find out more or would like to take part, please contact either **Claire** or **Gosia** using the contact details below
